## TLID407C: Load and unload goods/cargo

### Description

This unit involves the skills and knowledge required to load and unload goods and cargo, including loading and unloading goods, securing and protecting the load and completing all required documentation.

### Application Of Unit

Work will be carried out in compliance with the relevant regulations/permit requirements including those of the relevant state/territory roads and traffic authority concerning the loading of goods/cargo.

Work is to be performed under some supervision generally within a team environment. It involves the application of the basic principles, routine procedures and regulatory/permit requirements to the loading and unloading of goods/cargo.

### Outcomes

Successful candidates will be given the opportunity to widen their skills and recognise safer and more proficiency loading and unloading operations in the workplace. Successful candidates will be awarded a nationally recognised Statement of Attainment outlining the competencies assessed and completed.
