Offer the following unit of competency

Link to: <http://www.ntis.gov.au/Default.aspx?trainingpackage/TLI07/unit/TLIF1007C>

TLIF1007C Apply fatigue management strategies

Description

This unit involves the skills and knowledge required to apply fatigue management strategies, including identifying and acting upon signs of fatigue and implementing appropriate strategies to minimise fatigue during work activities.

Application Of Unit

Persons achieving competence in this unit will need to fulfil the applicable Commonwealth and state/territory legislation and relevant regulations covering the management of fatigue in the workplace.

Work is performed under some supervision generally within a team environment. It involves the application of the relevant regulations, codes and guidelines of the Commonwealth Government and the state/territory authorities concerning fatigue management during work activities and in particular when operating equipment, vehicles, load shifting equipment, trains, marine vessels and aircraft.

Outcomes

Successful candidates will be given the opportunity to widen their skills and recognise safer and more proficient management of fatigue in the workplace. Successful candidates will be awarded a nationally recognised Statement of Attainment outlining the competencies assessed and completed.
